FATHER AND SON

Go to the Penitentiary Together With Three Others.

Two deputy sheriffs of Gaston county passed through at noon today, en route to Raleigh, with five prisoners for the penitentiary. Two of the prisoners are father and son. The father, Charles Blackwell, white, is an aged man and goes to the pen for twelve years for murder in the second degree. His son George, who is just reaching manhood, was sentenced to serve one year for complicity in the crime. John Holt, another white man, was one of the prisoners. He was convicted of larceny and sentenced to eight months.

Two negroes, Tom Simpson and Sydney Boyd, were convicted of assault with intent to rape and sentenced to fifteen years each in the penitentiary.

West End Guards.

We are glad to note the organization of a new military company in our town.

Eighteen of our manly boys, with Capt. Percy Gentry as commander, have formed a company under the name of "West End Guards." They have purchased from Prof. Grimsley the guns formerly used in the graded school drills. Of course these guns don't shoot but they have all the appearance of war and that is all the boys desire at present.

The exactness and smoothness with which Capt. Gentry drills his company is surprising. While it is but pleasant pastime for the boys, it is educating them on military tactics, as well as in filling the two essentials of soldier life—self denial and obedience, which form the makeup of a good citizen and gentleman as well. Let this young company receive our heartiest encouragement.

You have our best wishes, boys.

Colonel Burgwyn's Position.

Colonel Burgwyn, of the Second N. C. Regiment, has gone to Henderson, though it was stated by some of the men of the regiment that he had gone to Washington city.

Before he left the city Colonel Burgwyn was questioned as to the report that he desired the Second to continue in service. Colonel Burgwyn said in explanation of his position:

"This is true only so far as it applies to the officers and men who desire to remain in service. If they so desire I conceive it to be my duty as their commanding officer to aid them to serve out the term of the service for which they volunteered. Otherwise not. I am not advised as to what steps, if any, are being taken to continue the regiment in service. I presume it will be mustered out as ordered, and that opportunity will be offered those so mustered out to re-enlist in other commands. I am under the impression quite a number will require this." Morning Post.

Visit Thomasville Orphanage.

In order to allow all who desire to visit the Thomasville Orphanage a chance to do so and see the children in their Sunday exercises, the Cherry Street Sunday School of this city has arranged with the Southern Railway to carry all who want to go for the small sum of seventy cents for the round trip on the regular train which leaves at 7:30 a. m., and returns at 9:40 p. m. If you want to go be at the depot on time to-morrow morning. If you have not seen this orphanage you have no idea of its work, and you will feel better after having visited it.

Murder in Camp Ship.

Anniston, Ala., Sept. 30.—At Camp Ship, today, Private Syphie, of the Third Alabama (colored) shot and killed Corporal Oliver. Syphie and another soldier were quarreling, when the former grabbed his Springfield rifle and putting a cartridge in it, fired at his opponent. He missed the man he shot at, but the bullet hit Corporal Oliver in the head, killing him instantly. The murderer was arrested and turned over to the civil authorities.

MR. ROBINS WRITES AGAIN.

Dr. Cy Thompson Condemned by His Own Acts.

CHARGES BACKED BY RECORDS.

The Political Pill Peddler Shown Up in His Inconsistency—A Strong Bill of Indictment.

Mr. Editor: By a communication published in your last issue, I replied to Dr. Cy Thompson's demagogical charges about democrats appointing negroes justices of the peace in 1877. This charge I take to be a challenge to those attacked to inspect and ventilate his own record. I accept the challenge.

He and I were both members of the House of Representatives in 1883. We both were professing to be democrats, and I so sincerely so that no pie counter seeking or other incident has changed my views yet. His declarations and actions must answer for him. During that session House Bill 369, to increase the justices in each township by two came up, and Mr. Page, from Jones county, moved to amend by providing that said magistrates be elected by the people of their townships. The present fusion pill peddler Dr. voted no. See Journal page 337 and 388. He then wanted no election of justices in his.

Ed. Powers, of Cumberland, moved to amend by providing that in the appointment of the additional justices, one should be appointed from each political party. On the amendment the present political pill peddler Cy voted no. He then voted for the passage of the bill. So he then wanted them appointed by the General Assembly and not elected by the people; and further, wanted no mixture of republicans, fusion or co-operation in his. See Journal pages 338, 339 and 340.

Again when the Code came up on its third reading, Mr. Hayes, of Robeson, moved to strike out of the bill section 1091, which provided for the election of county commissioners by the justices of the peace. Dr. Cy, the present fusion pill peddler, votes no. See Journal, pages 700 and 701. This section 1091 in the bill is the same as section 716 in the Code as ultimately printed, the number of the sections being finally changed by reason of dividing the Code into two volumes, instead of being all in one as was the original bill. Upon the question of the final adoption of the Code, with election law and the system of the county government as they substantially in their main features remained till the fusion Legislature of 1895, Dr. Cy voted aye.

Again Dr. Wilcox, of Ashe, had introduced a bill to repeal the system of county government established in 1876-7, and provide for the election in each county by the qualified voters, a treasurer, register of deeds, surveyor five county commissioners and to each township its justices of the peace and in each school district its school committee. This bill of Dr. Wilcox came up on its second reading on the night of Feb. 21, 1883, when it had as spokesmen on the floor of the house three advocates, viz: Ed. Powers, a liberal from Cumberland, Jim Harris, a negro from Wake, and J. W. Poe, a negro from Caswell; and the house was entertained with a regular round of school boy eloquence. What a chance for Dr. Cy to have joined in with his later negro comrades and added to their walls of woe, of having been therefore all the time from after reconstruction down to 1876 deprived of the right to vote for county officers and the right to place Eastern Carolina under negro government. But no! Dr. Cy was silent, and when the vote was taken he voted against this bill of Wilcox's and it failed to pass its second reading, in part by the vote of Dr. Thompson, see Journal page 563. I have now before me both the Journal showing the political pill peddler's vote as I have stated and a copy of Wilcox's bill as printed then by order of the legislature, and if any of Dr. Cy's enemies deny what I have said of them they can see where and what the truth is by calling on me and inspecting them.

Such were some of the votes of Cy Thompson in 1883, and such continue to be the principles of the democratic party yet; but how about Cy Thompson? He pharisaically denounces the democrats because Cleveland played the renegade, and deserted the principles that he was believed to be pledged to. As a renegade they denounce Cleveland and would have no more of him. If then Cleveland was properly denounced as a renegade, how much stronger denunciation does Cy Thompson deserve, who, while professing to believe that the free coinage

of silver at the ratio of 16 to 1 is of the prime importance, not only goes over with such populists as he can carry and fuses with a party that for some years has persistently claimed to be gold bugs pure and simple and aided them in their elections and the increase of the strength for the future.

He censures the democrats for refusing his grand offer for fusion. He and his fusion crowd propose set terms for their contemplated fusion and say that they "elect a conference committee to confer with any party or faction of a party who will endorse their principles and proposes and favors co-operation." In other words the interpretation of the whole from their practice is that they were ready to trade with anybody that would give them the most places at the pie counter. It could not be hid from the vision of the Dr. that Mark Hanna, Pritchard and their band of millionaires and trust gold bugs would be the highest bidders on such an occasion. And to my mind any party that goes about offering its service to the highest bidder is not and cannot long be worth much to them with whom they make their contract; for the reason that the masses of all parties who are not like Dr. Cy, hunting pie for themselves, are honest and when they discover the purpose of such will desert them.

But this is not all. As I have shown, Dr. Cy in 183 voted for the election law in the Code and against the repeal of the system of county government then established by law. The pie counter had probably not then entered his searching vision and captured his heart and conscience and he had not set out to explore the road to it. As chairman of a committee now he proposes fusion or co-operation upon certain conditions, among others "a free ballot and a fair count," which in the light of the fusion election law of 1895, means a free ballot for felons and a full count of them. This was after the pie counter had doubtless burst upon his enraptured vision, and the election law with unhampered challenges and an unpacked body of judges would not answer his pie-hunting purposes and must be changed, and he turns his back upon his record of 1883, and as chairman of the pie-hunting crew he demands the change of the election law in the Code and the system of county government which he had sustained by his vote in 1883, and which protected the people from negro rule, and joins the negrolizing crowd he had then opposed, in proposing fusion so that he might back the court for deciding challenges of felons by fusion, so that the populist and radical election officers might be combined in deciding challenges in favor of felons, and clear the road for his office-hunting, public pie-eating gang. From such demagogues may the honest masses of tax payers of all parties rally to the polls and free the country.

FIRST CONFERENCE HELD TODAY.

Spanish Vigorously Protest Against Americans Allowing Visayas Rebels to Receive Rifles.

By Cable THE TELEGRAM.

Paris, Oct. 1.—The Peace Commissioners met in conference for the first time this afternoon at 2 o'clock. The session was devoted to a formal exchange of credentials and the choice of a chairman. The Spaniards submit that owing to age and rank, Montero Rios, president of the Senate, ought, under ordinary circumstances, be president of the conference, but in view of the fact that the Americans were victorious, suggest as a compromise that Day and Rios alternate daily.

The point is now under discussion, the Americans insisting that they should preside. The Spanish commissioners vigorously protest against the Americans allowing the Visayas rebels to receive rifles, ammunition and cannon, while prohibiting the sending of Spanish troops there.

ASK THE COLORED MAN.

About the meanest and most contemptible thing the fusion crowd is trying to ram down the throats of thoughtful people is the charge that the democratic party is the negro party. If thirty years of education had accomplished any great things for the negro that charge alone would be fatal for the fusionists. But they know they can presume to any extent they please on the ignorance and prejudice of the colored man and he will vote the republican ticket.

The negroes themselves are the highest authority on which is the negro party. The simplest, most illiterate darkey in the land will tell you that he is a 'publican 'cause he is black. The most ignorant negro will quickly become indignant if you try to convince him that the democratic party is the negro party.

This attempt on the part of the fusion politicians is senseless and absurd. It is unworthy to be called the gasping groan of a party which is literally dying of the weight of its own sins. It is too weak to be insulting.

If there should happen to be a white man in all North Carolina who is in doubt about which is the negro party, just let him ask the first negro he meets. His answer will settle it.

The fact that republican-populist speakers refuse to meet democratic speakers in joint debate should cause thinking men to think more and ask the reason. When Thomas Settle was a candidate he never refused to meet his opponent. His father, the late Judge Settle, travelled all over North Carolina with Zeb Vance and met him on every stump in joint debate. Now, look at the spectacle. Spencer Adams makes flimsy excuses for not meeting the brilliant and able Kitchin. Other candidates say their committees object. But what is the real cause? They are afraid to present their puerile argument alongside of the great honest cause of democracy and white supremacy.

Some days ago we printed a letter from Hon. M. S. Robins, of Asheboro, which entirely refuted the charge of Cy Thompson that democrats were responsible for the first negro magistrates appointed in this state. They were put in in republican counties, their names suggested by republican representatives, and the democrats,

who were in the majority, would have defeated them had they known they were negroes. Today we print another letter from the same author showing up the utter inconsistency in Dr. Thompson's record. Let all thinking men read it.

Notes of The Prowler

Saturday is October once, Sunday, then, is October twice, Monday comes—October the third—The fourth Bob Glenn will do 'em nice! The Prowler left the above lines on our desk last night with a request that they be printed. He says it is in no sense intended as poetry—not even doggerel. It simply means that Bob Glenn, that indomitable cyclone, that irrepressible mountain avalanche of democracy, will speak on the political issues in the court house in Greensboro next Tuesday night, October 4th.

FINZHUGH LEE FOR HAVANA.

Public Men Urging the President to Send Him to That City.

Washington, Sept. 30.—Major General Fitzhugh Lee was at the War Department to-day, and had a brief interview with Secretary Alger. Gen. Lee says he will go to New York tomorrow, visit his son at West Point, and then return to Washington. If there is no pressure for his immediate return to Jacksonville, he intends to spend a few days in the Virginia mountains, upon the recommendation of his physician. He has been suffering somewhat from malaria.

There seems to be no doubt in official circles that Gen. Lee is scheduled to go Cuba. Some question has arisen, however, as to the point in Cuba that he will occupy. Quite a number of public men, and it is probable that General Lee, himself, would prefer that his command go to Havana. There is some sentiment in the matter and many persons have expressed the hope that as Blanco marches out, General Lee might march into the city. A number of men in official life have already interested themselves in this subject and will urge the president to issue his orders for the occupation of Cuba with this end in view.

An Affecting Scene.

Nothing more absolutely affecting, not to say gorgeous, has occurred in connection with the North Carolina governors than that reported in the Raleigh Post when the great General Cowles presented to the great Governor Russell (Ot Dockery's chief favorite among the governors) that "beautiful and very handsome gold watch, with fob and chain." It was indeed most touching, most wear-compelling, a scene fit for men and angels to gaze upon. The great warrior presenting to the great statesman the beautiful manufactured time keeper "in appreciation of the esteem and friendship which he has for His Excellency." The Post failed to state whether they kissed and hugged. How lovely, how entrancing that performance. This sort of "esteem and friendship" is like the watch—"manufactured"—and suggestive of favors to come. If it teaches Russell to keep better time with his conscience, the state will be helped.—Wilmington Messenger.

A Clean Thrust.

The following is an extract from the second edition of the hand-book of the fusionists: "Look at Biltmore for instance. How few the years in which Mr. Vanderbilt has been acquiring so enormous an estate. Not that I attach any blame to him, however. Far from it. But I do censure the voters of this country for permitting such things to be possible." This is the first unfriendly word of Mr. Vanderbilt or the first protest against his presence in North Carolina that we have ever read. Of course the thrust is veiled at all, but it is one, all the same. For our part we wish that a thousand men of Vanderbilt's wealth would come into the state. Men like him of means and liberality, are exactly what we need to help us build up the state.—Statesville Landmark.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy, and it always prevents an attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by C. E. Holton.

Old fashions in dress may be revived, but no old-fashioned medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by C. E. Holton.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure.

The Cotton Supply.

New Orleans, Sept. 30.—Secretary Hester's statement of the world's visible supply of cotton shows an increase for the week just closed of 203,726 bales, against 230,388 last year. The total visible is 1,958,833 against 1,755,107 last week, 1,463,921 last year. Of this the total of American cotton is 1,779,833 against 1,751,107 last week, and of all other kinds, including Egypt, Brazil, India, etc., 179,000, against 184,000 last week.

You invite disappointment when you expect more. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Howard Gardner.

Three Doctors in Consultation.

From Benjamin Franklin.
"When you are sick, what you like best is
to be chosen for a medicine in the first place;
what experience tells you is best, to be chosen
in the second place; what reason (i. e. Theory)
says is best, is to be chosen in the last place."
But if you can get Dr. Inclination, Dr. Experi-
ence, and Dr. Reason to hold a consultation to-
gether, they will give you the best advice
that can be taken.

When you have a bad cold Dr. In-
clination would recommend Chamber-
lain's Cough Remedy because it is
pleasant and safe to take. Dr. Experi-
ence would recommend it because it
never fails to effect a speedy and per-
manent cure. Dr. Reason would re-
commend it because it is prepared on
scientific principles, and acts on na-
ture's plan in relieving the lungs,
opening the secretions and restoring
the system to a natural and healthy
condition. For sale by C. E. Holton.

Bryan is Out Once More.

Washington, Sept. 30.—Col. Wm. J.
Bryan was out of doors this afternoon
for the first time since he became ill.
The fever has practically left him, and
his physicians permitted him to take a
carriage drive. He intends to go
to Jacksonville to rejoin his regiment
early next week.

A floral tribute in the shape of a
huge basket, five feet tall, bearing
American and Kaiserine Augusta Vic-
toria roses, fringed with carnations,
was sent to him today, accompanied
by an elaborate message of eulogy
from the Maryland Democratic Asso-
ciation.

One Minute Cough Cure surprises
people by its quick cures and children
may take it in large quantities with-
out the least danger. It has won for
itself the best reputation of any pre-
paration used today for colds, croup,
tickling in the throat or obstinate
coughs. Howard Gardner.

Tom Settle in Washington.

Washington, Sept. 30.—Ex-Rep-
resentative Settle called today at the re-
publican congressional committee's
headquarters. He says the republicans
expect to elect 4 representatives.
The republicans prospects are fair, he
said, although there are odds to con-
tend against. He looks for an im-
provement in the situation for his
party. With reference to fusion, he
said it remains to be seen how far the
voters will carry out the agreement
entered into by the republican and
populist committees.—Special to Char-
lotte Observer.

Special Notice.

Proposals will be received by the
city of Greensboro, N. C., up to No-
vember 15, 1898, for lighting the
streets of said city with electricity for
a period of three or more years from
January 1, 1899, said proposals to be
based on seventy or more lights of
1,200 candle power. City reserves
right to reject any or all bids. Bids
or inquiries should be addressed to B.
H. Merrimon, chairman light commit-
tee, Greensboro, N. C.
In connection with the above the
Industrial and Immigration Association
of Greensboro urges investors to
investigate Greensboro as a place for
building an electric street railway and
power plant. Numerous small manu-
facturing concerns want power of this
kind. Incandescent lights are wanted.
City has a population of over 10,000
and is growing rapidly. Unusual op-
portunity for those who mean busi-
ness; no fakirs wanted. Information
will be furnished by the I. & I. Asso-
ciation.

This is opening day at Kaufmann's and when his window shades went up this morning they disclosed something that has caught the eye of the passers by. Both the large windows are filled with beautiful ties, golf stockings, leg-gins, men's fine shoes and everything in the haberdasher line. Mr. Kaufmann certainly knows how to decorate. There is a place for everything and everything is in its place. The decorations are a real picture. You must see them.

The Guilford College Football Team passed through this morning enroute to Chapel Hill, where they line up against the University team this afternoon. A Hobby Mistake.

Those hobby horses down on South Elm street seem to have quit. The owners pitched their tent there more than a month ago to try their luck. Trade was dull, only a few little negroes wanting to ride and they could not pay for it. Finding this the case the men said they would take advantage of the dull times to visit home. They disappeared and have not returned. The little coons who gather around the horses will soon have completed their destruction. The town should dispose of the "whirligig."

Going to Clean Us Up!

Judge Adams says "we are going to clean out the kitchen this time, boys." A fellow must have plenty of blow and bluster to keep his courage up or else he will not make a good appearance. We don't know so much about this cleaning up business. The history of the first Adam's is to the effect that they could not stay in a garden for their propensity to eat things they were forbidden to touch. Jude Adams may yet have to leave the Kitchen and go out and "earn his bread by the sweat of his brow."—Durham Sun.
